UX/UI Designer - Product

Full-time, Hybrid Remote / Sydney

Join one of the fastest-growing tech companies, and industry-leading products behind 'online fundraising' in the impact sector, enabling thousands of the world's most loved charities to raise money and deliver change for good.

We're an ambitious bunch with big goals. Over 10 years we've grown to support more than 1000+ charities internationally, with a current team of 110+ passionate fundraising software professionals across 4 global offices (Australia, NZ, UK, USA). We act as one global team and have a great culture with a load of benefits (health and well-being, work-from-anywhere policies, bonus leave days and more).

We're looking for a smart, ambitious & down-to-earth team member to join us on our next stage of growth in ANZ.

The Opportunity

As a UI/UX Designer at Funraisin, you'll shape the experience and interface design across our web and mobile products—from public-facing platforms to admin dashboards. You'll improve existing features and design new ones, combining user insight with creativity to deliver intuitive, high-impact experiences.

Apply now with your portfolio and show us how you bring stories, brands, websites, and products to life through design.

In order to win in this role, you will:

- Bring a wealth of experience and knowledge across a multitude of digital platforms and products, underpinned by a solid understanding of responsive design
- Enjoy jumping between product features that span a variety of use cases, from end-users through to event administrators
- Be solutions-focused, not afraid to challenge your peers but more importantly able to accept and support stakeholder direction
- Have a strong creative streak with the ability to ideate, visualise and execute engaging digital experiences that feel effortless and intuitive
- Possess a high level of polish and design intuition – someone who knows when a pixel is off and won't let it slide
- Bring ideas to life with elegance, combining usability and aesthetic seamlessly across UI components and full-page experiences

About you:

Above all, you are a good person who loves to bring out the best in those around you – a true team player who thrives in collaborative environments. You are an objective problem-solver who empathises deeply with users of all kinds. You're also a detail-obsessed designer with a passion for crafting interfaces that not only work flawlessly but also look and feel exceptional.

You'll have:

- 4+ years of UX/UI agency or industry experience
- 2+ years using Figma (must-have)
- Demonstrable experience building and evolving Design Systems and UI kits, from best practice usage of typography, spatial systems, component libraries and atomic design principles

- A refined design eye and aesthetic judgement – you know what makes digital products visually compelling
- Strong conceptual thinking and the ability to translate ideas into engaging design solutions
- Confidence in outwardly communicating and proactively engaging within a cross-functional Product Team
- Familiarity with conducting research to validate experience design direction
- Deep appreciation for well-structured design systems and UI kits
- Strong written and verbal communication skills

Bonus if you have:

- Demonstrated experience participating in charity events (as a donor or fundraiser), enabling empathy for the motivations and needs of our users
- A solid understanding of technical constraints and the ability to collaborate effectively with engineers to deliver pixel-perfect, performant interfaces
- Experience working in a fast-paced product-led startup environment

The Funraisin Team

We're a team of passionate fundraising software professionals - some have come from world-renowned tech giants such as Google and Apple, others from the highest awarded digital agencies and others from inside some of the world-leading nonprofits.

Together we build world-class products that aim to accelerate the transition to a better world by connecting people to causes. We get a kick out of seeing, and feeling, the impact of our work and we have a ton of fun doing it. Our values demonstrate who we are and what we strive to do.

Better than yesterday

Continuously improve ourselves and our impact

Learn fast, act fast

Pursue the fastest path to learning & a bias to action

Act as one

Be inclusive, have a seat at the table and win/lose together

Be uplifting and have fun

Be optimistic, passionate, positive and laugh

Make magic

Strive to make the impossible, possible
